**Subject:** Confirmation of Avian Influenza in Birbhum District and Dakshin Dinajpur Districts of West Bengal.

I am directed to refer to the Government of West Bengal, Directorate of Animal Resources and Animal Health Department Memo No. 8/DAH&VS, dated 11<sup>th</sup> January 2008 reporting unusual death of poultry birds in the Birbhum and Dakshin Dinajpur Districts of the State. The samples collected from the affected sites in both the districts were forwarded to the High Security Animal Disease Laboratory (HSADL), Bhopal and also to the National Institute of Virology (NIV), Pune for testing.

2. The samples have since been tested at the HSADL, Bhopal and NIV, Pune. Test reports from both the laboratories confirm that one sample each from the Birbhum district and Dakshin Dinajpur district are positive for H5N1 strain of Avian Influenza in poultry. The results of the remaining samples will be sent as soon as available.

3. A series of strategic actions are required to be taken immediately since outbreak of Avian Influenza has now been confirmed. Such actions are to be taken by the Animal Husbandry and Public Health Departments. The strategy has been detailed in the 'Action Plan of Animal Husbandry for Preparedness, Control and Containment of Avian Influenza' revised and circulated by the Government of India in November, 2006 and other instructions/guidelines issued by the Government of India from time to time and also the 'Contingency Plan' circulated by the Ministry of Health and Family Welfare, Government of India.

4. It is requested that necessary actions contained in the Action Plan of Animal Husbandry referred to above (especially under part III) are initiated immediately by the State Government. These include declaration of infected and surveillance areas including actions to be taken in these areas (ban on movement of poultry and its products in infected area/closure of poultry and egg markets and shops within a radius of 10 kms. from the infected site/ban on movement of farm personnel/restricting access to wild and stray birds); restricting access to the infected premises; destruction of birds; disposal of dead birds and infected materials; clean-up and dis-infection followed by sealing of the premises and issue of sanitization certificate; post operations surveillance; imposition of legislative measures etc. along with necessary measures laid down in the Contingency Plan of the Health Ministry, Government of India.

5. It has been decided that the poultry birds will be culled as follows:

(a) **Birbhum District**

S.No.	Block	Culling Strategy
1.	Rampurhat I	All poultry birds
2.	Rampurhat II	All poultry birds
3.	Nalhati I	Within a radius of 3 kms. of the foci
4.	Nalhati II	Within a radius of 3 kms. of the foci
5.	Mayureswar I	Within a radius of 3 kms. of the foci
6.	Nalhati Municipality	All poultry birds

(b) **Dakshin Dinajpur:** All the birds in the affected State Poultry Farm, Balurghat, and in a radius of 5 kms. around the said Farm.

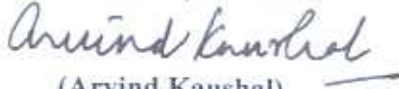

In addition to the culling strategy mentioned above, surveillance will be carried out over a further radius up to 10 kilometers.

6. It is the policy of the Government to compensate for loss of poultry on account of culling and destruction of birds. The rate for payment of compensation has also been indicated to the State Governments. The Government of India has conveyed the decision to share costs of compensation on 50:50 basis with the State Governments and authorized State Governments to utilize funds available with them under the programme of 'Assistance to States for Control of Animal Disease' (ASCAD), which is a Centrally Sponsored Scheme. It may please be ensured that payment of compensation is immediate and simultaneous to culling.

7. A daily report on the control and containment operations may please be furnished to this Department by 2 P.M.

8. International Organizations will be notified by the Government of India at its level.

9. Surveillance throughout the State may be intensified to monitor further spread of infection, if any.
