The performance of the Department and success indicators will be influenced and affected by the following factor

Natural conditions: Drought, flood and diseases, which influences the availability of animals as per the standards fixed by the Herd Registration scheme

Section 4:

Description and definition of success indicators and proposed measurement methodology.

1. Identifying & locating the number of the Cows & Buffaloes confirming to breed characteristics
2. Number of animals primary registered.
3. Number of animals finally registered.
4. No. of Breeders Awareness/ Publicity camps conducted/ organized.
5. No. of Persons Trained for conducting survey and milk recording for SIA.

Section 5:

Specific Performance Requirements from other Departments

1. Co-ordination with State implementing Agencies like livestock development board, Directorate of AH state department, breeder association & Milk Union is required for successful implementation of scheme.
2. Breeding policy of the state and calf born and calf survival rate is much dependent on availability of animals for recording system

Section 6:
