Central Cattle Breeding Farms

Objectives of the Scheme:

1. Progressive genetic improvement for milk production in important breed/type of cows and buffaloes by following scientific methods.
2. Production and distribution of superior pedigreed bulls for use in Cattle and Buffalo Breeding Programmes .
3. Preservation of indigenous germ plasm.
4. Production of upgraded crossbred animals suitable for specified breeding tracts.

There are seven Cattle Breeding Farms in the Department, implementing the above stated objectives. The Farms are subordinate offices of the Department implementing the above technical programme.

Implementing Agency:

Sr. No.	Name & location of the farm	Breed maintained
1	Suratgarh (Rajasthan)	Tharparkar
2	Dhamrod (Gujarat)	Surti Buffalo
3	Chiplima (Orissa)	Red Sindhi (RS) and RSXJersey
4	Hessaraghatta (Karnataka)	Holstein Friesian
5	Sunabeda (Orissa)	Jersey
6	Alamadhi (Tamil Nadu)	Murrah Buffalo
7	Andesh Nagar (U.P.)	Holstein Friesian X Tharparkar

TargetGroup/Beneficiaries: Various cattle and buffalo development agencies are benefited from the scheme by way of using high quality bulls produced at the farms. These bulls are used for semen production and natural breeding to help upgrade the animals in the country.
